

“To effectively communicate, we must realize that we are all different in the way we perceive the world and use this understanding as a guide to our communication with others.” - Anthony Robbins

Our company principal has over 30 years experience in Computer Training, 25 years experience in Radio Communications Training, with 20 of those spent as a Chief Flying Instructor - working closely with students to resolve their problems, learn new skills and develop their mastery of the tasks at hand.

We offer training in:

- \* Computer Basics
- \* Personal Computer Competency
- \* Specific Software Operations
- \* In-service basic fault finding and work-around
- \* Computer related Stress Management (under development)
